Traditional Clinical Experience: Practice in an inpatient, ambulatory care or community setting where the student provides care to patients under the guidance of an instructor or preceptor. (NCSBN, 2016) *NCSBN Guidelines: Direct patient care clinical experience with substitution of no more than 50% for each course. Simulation: A technique, not a technology, to replace or amplify real experiences with guided experiences that evoke or replicate substantial aspects of the real world in a fully interactive manner (NCSBN, 2016). Virtual Simulation: "The term is often used to describe a variety of interchangeable learning modalities, including three-dimensional learning environments (Hansen, 2008), virtual or augmented reality (Kardong-Edgre et al. 2019), game-based learning, and screenbased learning." (Martin et al, 2023) If direct patient care clinical experiences were below requirements as outline in the NCSBN Guideline due to regulatory changes made by the legal approving authority of the nursing program, please provide a link to the Regulations: Was any of this Program completed online as the **standard method** of delivery? Yes □ No □ If yes, is the Program authorized to operate by distance education by the legal approving authority in the Parent Institution's State? Yes □ No □ Please list the name of that legal approving authority: Did the graduate complete any of their clinical rotations in Massachusetts Yes ☐ No ☐ If yes (List all): **TYPE CLINICAL AGENCY DATES** (Fundamental, Med/Surg, Pedi, Ob, Psych, Community, Preceptorship)
